TO: INR - Mr. Hughes  
FROM: AF - Henry J. Tasca *HJT*  
SUBJECT: National Intelligence Survey Program

*1 copy to NIS*

You asked in your memorandum of March 26, 1964 for my comments on the new one-volume General Survey format now being used for National Intelligence Surveys.

The General Survey on Ghana, dated March 1964, which you enclosed for review, will certainly be far more useful than the NIS in its previous form. It will be consulted more often for reference, and it is digestible as briefing material for officers being assigned to Accra. The increased frequency of revision of the General Survey and the special sections will also favorably affect the usefulness of the NIS.

The United States Intelligence Board is to be congratulated for carrying out this improved program.
